[Insert your Tablet Wireframe Screenshot/Image]

[Insert your Phone Wireframe Screenshot/Image]

Hex Codes: #FFFFFF (background, text inside colored buttons); #000000 (body text color not in buttons); #1d4289 (header, site name and tag, nav buttons); #d3273e (“...my work” button); #dc582a (“Skills” subheader and buttons); #007a78 (“Featured” card backgrounds)

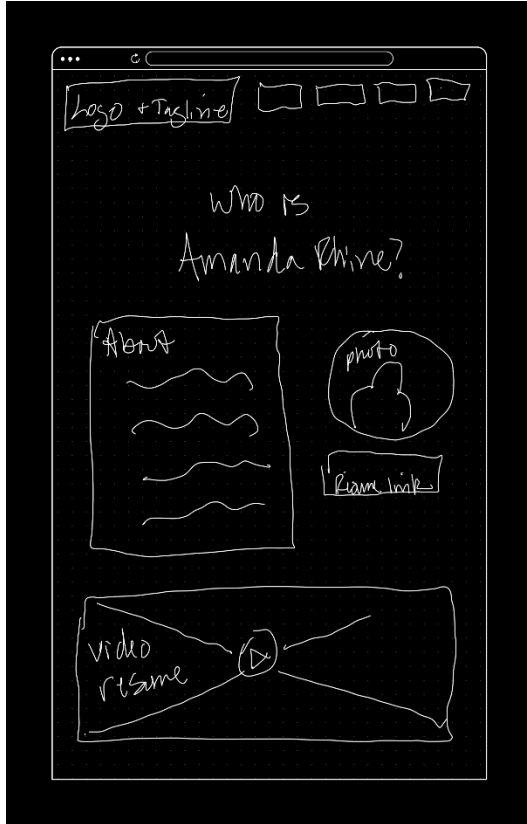

Fonts: Georgia (site name, header); Helvetica (site tag, nav text, subheaders); Arial (body text)

Inventory: Site name and tag, nav buttons, intro text to portfolio and me, skills list (at a glance), two featured projects with short description, “See My Work” button

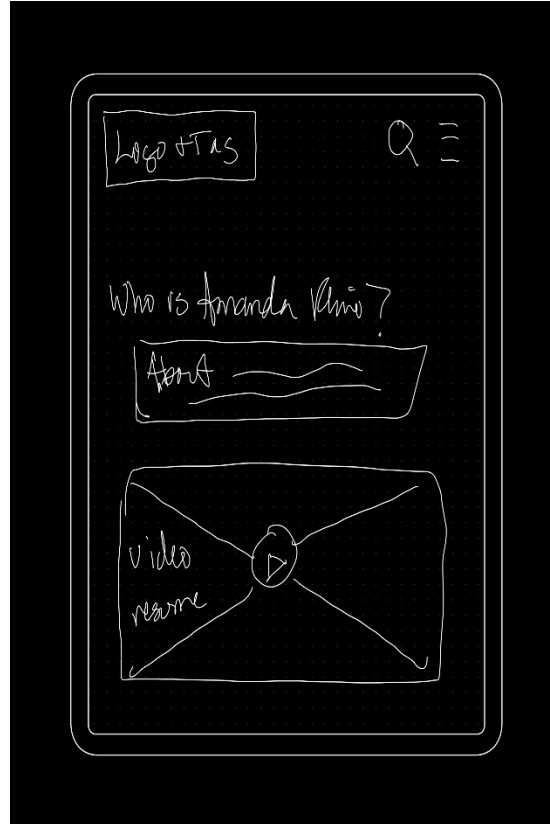

Background colors, images, or icons: Background color for all pages is white because I'm implementing an accessible color palette with contrasting colors for better visibility, so it's simple but effective. No images. Star icons to act as bullet points for skills buttons
